of the *Policy Studies Review*

The following indexes of authors and subjects cover Volume 15 of the Policy Studies Review. *Each page is designated by a volume number (which is a Roman numeral), an issue number (an Arabic numeral), and a page number (an Arabic numeral). This volume covers a variety of topics by way of their symposia, articles, literature reviews, and professional developments or news and notes. The symposia include "Sports Policy," "Latin America and Policy Studies," and "Democracy and the Academy."*

The index of authors covers authors of articles, authors of books reviewed, and reviewer of books, but not names referred to in the articles. The index of subjects mainly covers the basic concepts included in the titles and subtitles of the symposia and articles, and the titles of the books reviewed. The bodies of the articles and book reviews were also consulted to clarify the concepts derived from the titles. The page number after each concept is generally the first page of the main page on which the concept is discussed. The discussion may be continued on subsequent pages as well. Future annual indexes will appear in the first issue of each volume to cover all issues in the previous volume.
